ONE COMPANY - POWER WITH CONTROL

Quality, WHS and Environment Policy

DCE Electrical and Leopard Controls are committed to providing quality products and services to customers, maintaining safe systems of work and minimising impacts on the environment. To ensure continual improvement in each of these areas, DCE Electrical and Leopard Controls will:

- Comply with requirements set by customers, applicable legislation and other interested parties

- Maintain compliance with international standard for Quality Management System (ISO 9001), Environmental Management System (ISO 14001) and Safety Management System (ISO 45001) by continually improving systems of work, processes and functional aspects within the business

- Plan, implement and periodically review measurable objectives and targets for all business areas

- Commit to the protection of the environment, including prevention of pollution. Minimise, if not eliminate harm to the business, injury or illness to people

- Commit to provide safe and healthy work conditions for the prevention of work-related injuries and ill health

- Identify and eliminate hazards to the business, people and the environment, and implement controls to eliminate the risk or to reduce the risks to as low as is reasonably practical

- Communicate policy to all employees, customers, the public and any other interested parties

- Consult with employees, customers and other interested parties

- Implement and maintain effective management systems and infrastructure

- Allocate responsibility and authority to enable the effective operation of the business and management systems
